WL-031
Wireless Network Omni Antenna 10dBi
8716502010639
6/24

Giftbox dimension 432 mm(H) x 107 mm (W) x 20 mm(D)

This 10dBi omni directional antenna enables you to very easily extend the range of your wireless network. By linking the Omni Antenna to your wireless router, you gain the benefits of an optimum wireless signal while minimising the number of 'dead spots' (points in your home where the signal is either weak or lost).

Features

- High gain: 10 dBi
- High performance
- Low profile
- Smart and elegant style
- Versatile Mounting Design
- Light-weight

Electrical Specifications

- Antenna Type
- Frequency Range
- Network Specification
- Gain
- V.S.W.R
- Beam Width-H Plane
- Beam Width-E Plane
- Polarization
- Input Impedance
- Connector
- Operation Temperature
- Storage Temperature
- Humidity

System Requirements

- One Wireless Device with an external Antenna connector
- Connector Type : Reverse SMA Female Jack

Package Content

- Hi-Gain Wireless Omni Antenna with Cable and Reverse SMA Connector 1 Set

2.4GHz 10 dBi Indoor Omni Antenna
2.412~ 2.483GHz
IEEE 802.11b , IEEE 802.11g , Wireless 2.4Ghz Network
10 dBi
< 2
360°
